QA Engineer

Despre mine

Hello.

Currently I live in Tiraspol, Moldova. I'm a self-motivated and open-minded candidate with extensive knowledge of software testing and quality assurance methodologies. I believe it's time for new opportunities.

I took the online course "Software testing" from the company "SkillUp UA".

Passed the author's course "Tester from scratch", YouTube channel "Artsiom Rusau QA Life". I passed

the open online course "Software testing 2022", on the YouTube channel "SiliconValleyVoice".

I also studied the software testing literature. In particular, "A Practical Guide to Software Test

Development" by Lee Copeland. I continue to study video tutorials on YouTube on the topic of testing. I

study articles on the topic of testing.
